ENVIRONMENTAL POLICY

Taygan Metal Press

By General Manager, Kaan Torun, statement, concerning environmental policy, company management undertakes and assume responsibility for implementing, maintaining and improving an Environmental Management System to ensure:

- maintaining and improving the Environmental Management System according to the reference standard SR EN ISO 14001: 2015;
- reduction and elimination of significant impacts resulting from the activities, processes developed by the company to prevent pollution;
- compliance with legal and regulatory requirements;
- continuous improvement by achieving environmental objectives;
- improving waste management and production planning so as to reduce waste and store/ disposed it, in accordance with environmental requirements in force;
- investment for reducing the chemical substances consumption;
- employee involvement in achieving the Environmental Management System functionality.

Environmental policy is regularly updated and it is available for all stakeholders. It is communicated to all employees and is subject to regular planned training. The company management is responsible for implementing environmental policy and making available all resources necessary in this regard.
